

Stockholm Resilience Centre
Sustainability Science for Biosphere Stewardship

THE EARTH INSTITUTE
COLUMBIA UNIVERSITY

The World in 2050 (TWI2050)

10-12 March 2015

International Institute for Applied Systems Analysis (IIASA)
Laxenburg/Vienna, Austria

List of Participants

(In alphabetical order as of 9 March 2015)

Shardul Agrawala, Head of Environment & Economy Integration Division, Organization for Economic Co-operation & Development (OECD)

Gabrial Anandarajah, Senior Lecturer at the Bartlett School for Environment, Energy & Resources, Faculty of the Environment, University College London (UCL)

Chizuru Aoki, Cluster Coordinator for Climate Change Mitigation, Senior Technology Transfer Officer, Global Environment Facility (GEF)

Claus Astrup, Advisor to the Chief Executive Officer/Senior Operations Officer, Global Environment Facility (GEF)

Bent Erik Bakken, Senior Principal Scientist, Climate Change Research Program, DNV GL; Professor, Oslo and Akershus University College, Department of Behavioural Science

Tim Beringer, Research Associate, Global Soil Forum (SDG-Project), Potsdam Institute for Climate Impact Research (PIK) and Institute for Advanced Sustainability Studies (IASS)

Jean Chateau, Principal Modeler, OECD Environment Directorate, Organization for Economic Co-operation & Development (OECD)

Geoff Clarke, Senior Science Officer, IIASA

Sarah Cornell, Co-ordinator of Planetary Boundaries Research Laboratory, Stockholm Resilience Centre

Carlo Carraro, Professor of Environmental Economics, Fondazione Eni Enrico Mattei (FEEM)

Peter Cox, Professor of Climate System Dynamics, University of Exeter

Gerald Davis, Executive Chair & President, World Energy Scenarios Flagship Study and Forscene S.A.

Yvo De Boer, Director General, Global Green Growth Institute (GGGI)

David Durand-Delacre, Sustainable Development Solutions Network

Love Ekenberg, Senior Research Scholar, Risk Policy and Vulnerability Program, IIASA

Gustav Engström, Phd (Economist Researcher), Beijer Institute

Ulf Ewaldsson, Senior Vice President, Group CTO and Head of Group Function Technology, Ericsson

Brian Fath, Research Scholar, Advanced Systems Analysis Program, IIASA and Professor in the Department of Biological Sciences at Towson University (Maryland, USA)

Owen Gaffney, Stockholm Resilience Centre

Roberto Garcia-Salto, Deputy Division Chief, Economic Modeling Division, Research Department International Monetary Fund (IMF)

Enrico Giovannini, Visiting Fellow, European Political Strategy Centre at the European Commission

Tessa Goverse, Head, United Nations Environment Program (UNEP) Year Book Unit

Jean Francois Gagné, Head of the Energy Technology Policy Division, International Energy Agency (IEA)

Stephanie Guichard, Counsellor to the Chief Economist, Organization for Economic Co-operation & Development (OECD)

Hans Herren, President & CEO, Millennium Institute

Astrid Hillers, Senior Environmental Specialist, Global Environment Facility (GEF)

Jean-Charles Hourcade, CNRS Research Director and Director of Studies EHESS, International Agency for Research on Environment and Development (CIRED)

Jon Hutton, Director, United Nations Environment Programme (UNEP) - World Conservation Monitoring Centre (WCMC)

Naoko Ishii, Chief Executive Officer, Global Environment Facility (GEF)

Pavel Kabat, Director General and Chief Executive Officer of IIASA, member of the Leadership Council for the United Nations Sustainable Development Solutions Network and Professor of Earth System Science at Wageningen University

Sang-In Kang, Senior Fellow, Korea Environment Institute (KEI) and Senior Specialist with the United Nations Office of Sustainable Development

Jiang Kejun, Director of Energy Research Institute (ERI) at the National Development and Reform Commission (NDRC)

Mikiko Kainuma, Senior Research Advisor, Institute for Global Environmental Strategies (IGES) & Chief of the Climate Policy Assessment Section, National Institute for Environmental Studies (NIES)

Csaba Kőrösi, State Secretary, Director for Environmental Sustainability, Office of the President of the Republic of Hungary and former co-chair of The UN General Assembly's Open Working Group on Sustainable Development Goals

Elmar Kriegler, Vice Chair of the Research Domain Sustainable Solutions, Potsdam Institute for Climate Impact Research (PIK)

Chin-Min Lee, Special Advisor to the IIASA Director General & Chief Executive Officer, Visiting Professor (International Relations) of the Konkuk University and an Adjunct Professor of the Korea University, Seoul

Wolfgang Lucht, Co-Chair, Research Domain "Earth System Analysis", Potsdam Institute for Climate Impact Research (PIK)

Wolfgang Lutz, Program Director, World Population Program, IIASA and Founding Director of the Wittgenstein Centre for Demography and Global Human Capital

Claude Nahon, Executive Vice President for Sustainable Development, EDF Group

Nebojsa Nakicenovic, Deputy Director General and Deputy CEO of IIASA, Professor of Energy Economics at the Vienna University of Technology and Director of Global Energy Assessment (GEA)

Lena Neij, Director, International Institute for Industrial Environmental Economics (IIIEE)

Michael Obersteiner, Program Director, Ecosystems Services and Management Program, IIASA

Carole Ory, Head of International Relations and Risk Sustainability, EDF Group

Matteo Pedercini, Director of Modelling and Capacity Development, Millennium Institute

Mats Pellbäck Scharp, Head of Environment, Health and Safety, Ericsson

Sabina Ratti, Executive Director, Fondazione Eni Enrico Mattei (FEEM)

Uwe Remme, Lead Modeller, International Energy Agency (IEA)

Keywan Riahi, Program Director, Energy Program, IIASA and visiting Professor in the field of Energy Systems Analysis at the Graz University of Technology, Austria

Teresa Ribera, Director, The Institute for Sustainable Development and International Relations (IDDRI)

Alex Roehrl, United Nations, Development, Policy and Analysis Division (DESA)

Emilio Rovere, Executive Coordinator, Center for Integrated Studies on Climate Change and the Environment at COPPE

Johan Rockström, Executive Director of Stockholm Resilience Centre, Professor in Environmental Science with Emphasis on Water Resources and Global Sustainability at Stockholm University and Member of the Leadership Council for the UN Sustainable Development Solutions Network

Jeffrey Sachs, Director of the Earth Institute, Columbia University, Director of the United Nations Sustainable Development Solutions Network and Special Advisor to the United Nations Secretary General, Ban Ki-Moon

Roberto Schaeffer, Associate Professor in Energy Economics, Energy Planning Program of the Federal University of Rio de Janeiro

Guido Schmidt-Traub, Executive Director of the UN Sustainable Development Solutions Network (UNSDSN)

Youba Sokona, Special Advisor on Sustainable Development, South Centre

Asun Lera St. Clair, Senior Principal Scientist Climate Change Program, DNV GL

Michael Tost, External Affairs, Europe and North America, Vale International SA

David Turner, Head of the Macroeconomic Analysis Division in the Economics Department, Organisation for Economic Co-operation & Development (OECD)

Ekko van Ierland, Environmental Economics and Natural Resources, Social Sciences Group, Wageningen University

Detlef van Vuuren, Senior Researcher, Department of Climate Air and Energy, PBL Netherlands Environmental Assessment Agency

Joost Vervoort, Scenarios Officer, Environmental Change Institute, Oxford University and Research Program on Climate Change, Agriculture and Food Security (CGIAR)

Martin Visbeck, Chairman of the Research Unit (Physical Oceanography), Helmholtz Centre for Ocean Research (GEOMAR)

Hanna Wetterstrand, Programme Officer to Director Johan Rockström and the Resilience and Development Programme, Stockholm Resilience Centre

Andy Whitmore, Principal Investigator, Rothamsted Research

Keith Wiebe, Senior Research Fellow, International Food Policy Research Institute (IFPRI)

John Wilmoth, Director United Nations Department of Economic & Social Affairs, Population Division

Yoshiki Yamagata, Principal Researcher & Head of GCP-TIO, National Institute for Environmental Studies (NIES)
