## IIASA YSSP Application

---

### Prerequisites

\*

#### Prerequisites for this application:

- IIASA does not do lab-type research and as such does not provide any onsite lab-type facilities
- The program requires you to be present at IIASA for the whole time of the program
- IIASA does not fund field research overseas

**I understand the above prerequisites, and wish to proceed with the application.**

### Personal information

**\*Family name (as in passport)**

 Please use Latin characters only!

**Middle name (as in passport)**

**\*First name (as in passport)**

 Please use Latin characters only!

**\*Country of citizenship**

**\*Country of residence**

**\*Gender**

Female  Male

**\*Date of birth**

*Answer must be between 01/01/1950 and 31/12/2020*

 Select year first.

### Select: IIASA Programs

You will be working in cooperation with one or more IIASA programs/initiatives/activities as described below. Please click on the various links to view detailed descriptions for each of them - all links will open in a separate window:

### IIASA Research Programs

- [\(ASA\) Advanced Systems Analysis](#)
- [\(EEP\) Evolution and Ecology](#)
- [\(ENE\) Energy](#)
- [\(ESM\) Ecosystems Services and Management](#)
- [\(MAG\) Mitigation of Air Pollution](#)
- [\(POP\) World Population](#)
- [\(RPV\) Risk, Policy and Vulnerability](#)
- [\(TNT\) Transitions to New Technologies](#)
- [\(WAT\) Water](#)

\*

**I have read the descriptions above and feel my research fits the choice I am indicating below.**

**Please make your choice of up to two (2) areas which are most relevant to your research proposal.**

**Your choices**

**Your ranking**

(ASA) Advanced Systems Analysis	
(ESM) Ecosystems Services and Management	
(POP) World Population	
(EEP) Evolution and Ecology	
(ENE) Energy	
(MAG) Mitigation of Air Pollution and Greenhouse Gases	
(RPV) Risk, Policy and Vulnerability	
(TNT) Transitions to New Technologies	
(WAT) Water	

 Double-click or drag-and drop selected fields from the left side to the right (select a maximum of two possibilities).

**\*Please justify your choice here (max. 1500 characters). The chosen programs will be conducting the first round of review of your application. Demonstrating the relevance of your proposal to the research performed at IIASA is therefore key.**

 Describe the relevance of your proposal to the research carried out by the chosen IIASA program(s) - use references to ongoing research where possible.

### Proposed research plan during your intended work at IIASA

An essential part of the application is your proposed research plan which should be relevant to the research agenda(s) of your selected programs.

Please fill out the boxes below (max. 2500 characters each) to describe in detail how your research objectives relate to your selection and how your background and skills qualify you for the program.

For scientific questions please contact the relevant program representatives.

#### \* 1. Title of the proposed research

#### \* 2. Abstract of the proposed research

 max. 1500 characters with spaces

#### \* 3. Main research questions and objectives

**\* 4. Methods and approach**

**5. Data required (if relevant)**

 e.g. do you already have your data, or are you in the process of obtaining it?

**\*6. Innovative aspects**

 e.g. how is this research original with regards to concept, methods, and expected results?

**\*7. Expected results & risks for success**

### References (two letters are required)

Upon submission of your application we will send an automated email request for recommendation to the email addresses provided below. **Please make sure these letters are sent to us latest by 15 January 2016.**

#### \* Name of Reference 1

#### \* Email of Reference 1

#### \* Confirm Email of Reference 1

 retype Email address to confirm

#### Additional information for Reference 1

Position/Title

Institution/University

Mailing address

Telephone number  
(if available)

#### \* Name of Reference 2

#### \* Email of Reference 2

**\*Confirm Email of Reference 2**

 retype Email address to confirm

**Additional information for Reference 2**

Position/Title

### Additional Information

#### How did you learn about IIASA / this Program?

*Check any that apply*

- colleague/friend
- supervisor/university
- former YSSPer/Post Doc/Alumni
- listserv, mailing list
- IIASA website
- conference

Other:

**\* In case you don't qualify for funding through one of IIASA's National Member Organizations, would you be able to come on your own funding sources (institute, university, or other)?**

Yes     No

**\*Before hitting the final submit button below:**

- Please check all of your answers and uploaded documents
- Please make sure that the email address for references are valid
- Only those applications will be evaluated that are fully complete
- Please **submit** this form by **latest 11 January 2016 (24:00 CET)**
- Please ensure referees are sending their **letters latest by 15 January 2016.**

I have fully completed the IIASA YSSP application and wish to submit it for review. (now click submit below)

 You will normally receive an automated email from us once the form has been submitted.
